Responsible, Organized

### ABOUT

Energetic Front-end developer based in Sintra, Portugal, with **2+ years of experience** designing and developing **high quality websites**.

I've **reduced customer's costs** (Host + CMS) to **0€** for *TerArtes'* craft company and **raised client's conversion to 75%** at *Música em Si*.

*I love new challenges and thrive to better myself everyday.*

### PROJECTS

#### TerArtes

[Gatsby](#) | [GraphQL](#) | [Commerce.js](#) | [SASS](#) | [JSX](#)

- Development of e-commerce platform for *TerArtes'* craft company.
- Customer Cost Reduction (Host + CMS) to €0, through the use of Gatsby + ContentfulCMS + Netlify

#### Washome

[HTML](#) | [SASS](#) | [JavaScript](#)

- Design and website development for the textile cleaning company *Washome*, with responsive layout and browser compatibility.
- Includes Details page, Form and Carousel Testimonials.

#### My Meteo

[React Hooks](#) | [ContextAPI](#) | [SASS](#)

- Web app that uses the *Instituto Português do Mar e da Atmosfera's* API.
- 5-day weather forecast, with search by district and search queries suggestions.

### EXPERIENCE

#### Música em Si

[Platform Developer](#)

*Out 2020 - Now*

- Development and maintenance of the educational company *Música em Si's* web platform.
- Includes landing pages, pricing page and multi-step form.

#### Freelancer

[Freelance Front-end Developer](#)

*2019 - Now*

- Website and web app development through my front-end skills to produce and deliver professional solutions in line with customer requirements.
